

Hi. My name is

I am a Brooklyn tree.
Please don't let your dog
Poop or pee on me.
I help reduce air pollution.
And noise pollution too.
I give New York birds a home,
And many good insects too.
So if you throw your garbage on me
My soil cannot breathe.
If you break my branches,
You will stop my leaves
From absorbing pollutants
That fill the air you breathe.
So water me all summer long,
Help me live so proud and strong,
And I will help you too.

Please take care of _____ ! This tree helps all of us breathe better
and live better. This tree was named by _____.
